

Dear Brentwood Voter,

I'm a longtime Brentwood resident, a professional Realtor, with 25+ years' experience as a bank branch manager. I care about the Brentwood community and am **committed to protecting the quality of life for all our residents.**

Working toward the good of the community has always been a priority to me. I'm a Brentwood Neighborhood Committee officer; last year I served as Brentwood Rotary President. I'm active in the Brentwood Chamber of Commerce and a Golden Hills Community Church member.

Brentwood is an AMAZING place to live with safe neighborhoods, excellent schools, beautiful parks/trails/farmland, vibrant retail opportunities. Protecting Brentwood's quality of life is important.

If elected to represent you, **I will focus on balancing Brentwood's budget and maintaining healthy reserves for emergencies.** A balanced budget means continued funds for police services. I will also work to:

- **Shorten emergency ambulance routes to nearby hospitals.** In life or death medical emergencies, we need to extend road access to Kaiser and Sutter Delta Hospitals.
- **Enhance crime prevention programs** – so we can keep our city safe/free from gangs, drugs and criminal activity.
- **Work with our POLICE** – to change the laws allowing home/car burglars, robbers and shoplifters to go free.
- **Find "out-of-the-box" solutions for commuters** – working with Assemblymember Jim Frazier on cost-efficient options to get residents to/from BART during rush hour.

Serving you on the City Council would be my greatest honor. I'm accessible and welcome your questions/suggestions.
